A large, leafy green plant in a dark, cylindrical pot, positioned to the left of the window.

A tall, thin, vertical lamp with a glowing yellow light, positioned to the right of the sofa.

is designed by Rodolfo Dordoni and was developed in collaboration with Minotti, whose imprint is visible in its soft volumes, sophisticated upholstery and sartorial craftsmanship.

The system is comprised of three types of elements: Roger Suite,

with cushioned seat and a depth of 101 cm; Roger Spring, a monobloc seat of the same depth,

THE RESULT OF AN OPEN DESIGN

The elements can be freely customised with high and low backrests, different types of armrests and the option of adding elements functioning as tops and containers, jutting out at the back, or at the end, next to the seat. A system, or rather a super system, capable of creating countless interpretations and configurations, for both residential and hospitality spaces.
